

Where else are all the hands on people available behind one local façade

Success, starts with a realistic appraisal

That is a mere link in the chain. Whether on Residential Sales or Lettings, there's more to finding a purchaser or tenant and waiting to handover the keys... there's so much, much more to it.

LETTINGS

Contact Jason Brock
T 020 8401 5000

On sales... we use the best media sources to get maximum exposure for a property, and often a choice of purchasers.

We'll talk to and progress Solicitors, valuers, Building Societies, delve into chains and keep our vendors informed.

On lettings... we'll check suitability of tenants, take up and analyse references, submit our tested Tenancy Agreement, ensure readiness of property, arrange check-in and keep landlords informed, etc.

That's part of the story. Onwards, we'll manage effectively, collect rent and provide regular updates.

All actions are best practice and RICS Regulated
